Basics Preschool is genuinely committed to the well-being and success of your child's early education.

Since the mandated Shelter-in-Place order issued by the Santa Clara County Health Department in March of this year, Little Star Basics has reopened with great caution and care. There will be daily adhering to all of the safety protocols set by the Community Care Licensing Department which includes: daily fever monitoring with an infrared thermometer, hand washing, masks to be worn by parents when dropping off and picking up children, and a six feet of social distancing.

Keeping in mind that every child is unique and learns at a different pace, our staff encourages and teaches your child to focus and to be responsible when completing his or her task. To ensure a fruitful development process, we advocate for a strong support system at home that helps build a foundation to make school more enjoyable for your child. Be confident to know that your child is growing as an individual and learning many key lifelong skills at our school.

We are very excited to be partnering with you on your child's journey towards higher cognitive, social, emotional, spiritual, and language developments.
